19.04.2010: RecSys'10 workshop program online

19.02.2010: Dr. Maria Vargas-Vera for research stay in Dortmund

10.02.2010: Lehrstuhl 13 unterstützt wissenschaftlichen Beirat von openSAGA

15.01.2010: CFP: UMAP'2010 Workshop on Intelligent Techniques for Web personalization and Recommender Systems

10.01.2010: Gastvortrag Integranova (Die Programmiermaschine) am **26.1.** am LS 13

23.12.2009: Paper on constraint-based recommendation accepted for publication in Recommender Systems Handbook.

12.11.2009: Tutorial on Recommender Systems at SAC'2010 announced.

11.11.2009: Veranstaltung "Business meets Science" (Empfehlungssysteme und Personalisierung) am **3.12.2009** an der Fakultät für Informatik.

02.10.2009: Gastvortrag der **Fa. Opera** zu Webstandards am **13.11.2009** am LS13.

28.09.2009: Paper on new Web mining method accepted for publication in Knowledge and Information Systems

25.08.2009: Paper on query relaxation techniques for constraint-based recommenders accepted for publication in AI Communications

16.08.2009: Dr. Maria Vargas-Vera starts research stay in Dortmund

Aug. 2009: Paper on modal logic systems for treatment of vague notions accepted for publication in the Logic Journal of the IGPL

Aug. 2009: Paper on tourism recommender case study accepted for publication in Journal of Information Technology & Tourism

29.06.2009: CFP: ACM RecSys'09 Workshop on Recommender Systems & the Social Web

- 22.06.2009:** Paper on verification of epistemic properties in probabilistic Multi-Agent Systems accepted at MATES'09
- 20.06.2009:** Paper on recommender systems effectiveness (case study) accepted for RecSys'09
([link](#))
- 21.04.2009:** Paper on ontology-based web mining system accepted for publication in Journal of Web Semantics
- 01.04.2009:** Funded project INLMS started
- Jan. 2009:** CFP: IJCAI'09 Workshop on Intelligent Techniques for Web personalization and Recommender Systems (CFP)
- 25.11.2008** New paper on schedule repair algorithm accepted for publication in Annals of Operations Research
- Nov. 2008:** AI Communications Special Issue on Recommender Systems published
- 16.09.2008** Paper on new Web crawling algorithm accepted at IEEE Intl. Conference on Data Mining 2008 (ICDM'08)
- 12.09.2008** Best paper award at Cooperative Information Systems workshop (Conference Homepage)
([pdf](#))
- 12.06.2008** CFP: Special issue on Measuring the Impact of Personalization and Recommendation on User Behaviour in IJ Human Computer Studies
